1.1. Preparation

1.1.1. The Mail Items must be prepared as described in the MassPost Guide.

1.1.2. All material made available to the Customer by bpost (such as trays, bags and containers) under the Contract remains the property of bpost. The Customer shall return this material to bpost on first request of bpost. The Customer undertakes to use this material with due care and solely for the Drop of Mail Items under the Contract. The Customer is responsible for all damage to the material that is not normal wear and tear and shall compensate bpost for any such damage in full.

1.2. Addressing

The addressing instructions with which the Mail Items must comply are set forth in the Operational Guides.

1.3. Additional conditions for Addressed Mail Items to an address in Wallonia

Since 8 May 2020, in accordance with the Decree of the Walloon Government of 23 April 2020 replacing the Decree of the Walloon Government of 28 February 2019 promoting the prevention of certain waste and public cleanliness, Addressed Mail Items to an address in Wallonia packed in plastic film will no longer be accepted, with the exception of Addressed Mail Items that was already packed in plastic film before 8 May 2020.

To enable bpost to comply with the obligations under this Decree, bpost may ask any Customer that wishes to cite the aforementioned exception (i) to demonstrate to bpost that its Addressed Mail Items to an address in Wallonia has been packed in plastic film since before 8 May 2020, (ii) to undertake to reduce by at least 50% the quantity of plastic film used for this Mail Items compared with 2017 (or, if this data is not available, 2018), and (iii) to inform bpost of the quantity of plastic film (expressed in kilograms) used for this Mail Items in 2017 (or, if this data is not available, 2018) within 30 days of signing the Contract and, no later than 15 April, 15 July, 15 October and 15 January, the quantity of plastic film (expressed in kilograms) used for this Mail Items in the preceding three-month period.

From 1 January 2022, in accordance with the Decree of the Walloon Government of 23 April 2020 replacing the Decree of the Walloon Government of 28 February 2019 promoting the prevention of certain waste and public cleanliness, Addressed Mail Items to an address in Wallonia packed in plastic film will be prohibited.

To comply with the obligations under this Decree, bpost reserves the right to check for addresses in Wallonia among the Mail Items packed in plastic film when they are dropped or later.

Without prejudice to article 6.4.2, from 1 January 2022, an administrative fine of 50 euros will be payable for every item of Addressed Mail Items to an address in Wallonia packed in plastic film.

This fixed administrative fine will be used to indemnify bpost for any costs related to any claim, action, process or demand of a public authority with regard to the handling of one or more Addressed Mail Items to an address in Wallonia packed in plastic.

1.4. Drop procedures

1.4.1. Announcement and Drop.

The applicable Drop procedures as described below and in the MassPost Guide, and where applicable in the Contract, must be complied with during the Drop of Mail Items.

The Customer must announce each Drop in advance. If the Customer does not use the e-MassPost application, this Announcement must be made by means of the handover of a Drop Form at the counter of the MassPost (Hyper)Centre. In the event of a valid Drop Form, the Customer receives a Drop Authorisation at the counter that it can use to drop its Mail Items at the dock of the MassPost (Hyper)Centre.

If the Customer uses the e-MassPost application, no Drop Form has to be handed over at the counter of the MassPost Centre, but the Customer prints the Drop Authorisation itself and can accordingly drop the Mail Items immediately at the dock.

Once in the possession of the Drop Authorisation, the Customer may go to the dock. The Drop Authorisation is scanned on site and the Mail Items are dropped. In case of Drop of Direct Mail Items, the Customer must also add two (2) specimens¹ of the Direct Mail Item to each Drop Form or Drop Authorisation. Under the Direct Mail Contract, the Customer authorises bpost to check the content of the Direct Mail Items. If the Direct Mail Items are not dropped in envelopes that can be opened and closed again without causing damage to the Mail Item, or in the form of cards or in plastic film, bpost reserves the right to open the Direct Mail Items and after checking the contents place them in a closed packaging, accompanied by an explanatory message to the addressee.

The information mentioned in the Drop Form and the Drop Authorisation as submitted at the Drop is binding on the Customer. The Drops are checked at the dock against the information on the corresponding Drop Authorisations.

After these checks, the Customer receives a Drop Summary with information on its Drop. If the Customer uses the e-MassPost application, the Drop Summary will be provided in electronic form. bpost may change the Drop Summary at any time following any further checks that bpost subsequently

¹ In case of mixed weight for the DM BOOST and INTENSE solutions, one specimen for each weight will be requested.

performs on the Drops pursuant to article 1.6 below. The Customer is notified of any such changes in writing.

Every person who drops Mail Items on behalf of a Customer must be in possession of an authorisation to bind the Customer under the Contract, without prejudice to the provisions of article 1.7.3 below.

1.4.2. Planning.

The Customer can plan every Drop in advance in accordance with the MassPost Guide. The Customer is obliged to plan the Drops falling within the scope of article 4.2 of Part III (A) of these General Conditions as well as certain large Drops falling within the scope of article 2.2 and 3.2 of Part III (A) of these General Conditions as specified in the same articles.

1.4.3. Spread Drop.

The Customer can spread large Drops (except DM Easy Drops) in accordance with the applicable provisions of the MassPost Guide. This implies that Mail Items belonging to the same Drop Form or the same Drop Authorisation can be dropped at different times on the same day and still be considered to be part of the same Drop. bpost reserves the right to ask for such a spread for very large Drops (as defined in the MassPost Guide).

1.4.4. Split Drop.

A Direct Mail split Drop is a Drop comprising Direct Mail Items dropped over more than one Business Day in accordance with the operational conditions described in the Operational MassPost Guide.

A Drop comprising more than 200,000 Small, Large or Large+ Format Mail Items must be announced through e-MassPost no less than 30 calendar days prior to the Drop date.

bpost (Planning & Forecasting) and the Customer agree to the scheduling of a split Drop to avoid a capacity overload that could compromise Mail Item handling and/or delivery terms ("agreed split Drop").

The same tariff conditions apply to an agreed split Drop:

- Booking Discount (if applicable) on the total volume of the Drop;
- SortSize/DropSize Discount (if applicable) on the total volume of the Drop.

If bpost and the Customer are unable to reach agreement, the following rules apply:

- If the Customer makes the entire Drop on the same day, it will be granted Booking and SortSize Discounts (if applicable) on the total volume of the Drop; however, the delivery terms normally applicable to those Mail Items will not be guaranteed;
- If the Customer makes the Drop over more than one day,

each partial Drop will be deemed to be a separate Drop.

Furthermore, within the framework of an Agreed Split Drop, if the Client does not make each partial Drop in accordance with the Booking and fails to comply with the possible changes applicable to the Booking (as defined in the special conditions for Direct Mail Items), each partial Drop will be deemed to be a separate Drop. A Drop comprising more than 100,000 Direct Mail Items weighing more than 1 kg must always be split.

1.5. Place and Date of Drop

1.5.1. The Drops of Direct Mail Items and the Drops of Letter Mail Items of the Customer under these General Conditions for Addressed Mail Items (domestic) must be made in one of the MassPost (Hyper)Centres in accordance with the provisions of Part III of these General Conditions and the provisions of the MassPost Guide.

1.5.2. The Drops of Registered Mail Items of the Customer under these General Conditions for Addressed (domestic) must be made in one of the MassPost (Hyper)Centres in accordance with the provisions of the MassPost Guide.

1.5.3 The Drops of Mail Items under these General Terms and Conditions of Addressed Mail Items (Domestic) must be made on the date(s) specified in the MassPost Guide.

1.6. Checks

1.6.1. bpost reserves the right to conduct all necessary checks, including checks after the distribution of the Mail Items, to ensure the proper performance of the Contract by the Customer (including checks on the compliance of the Customer with the MassPost Guide and checks to verify whether the operational characteristics entitling the Customer to the Operational Discounts mentioned in Part III of these General Conditions have been observed). The checks conducted in the absence of the Customer can also be invoked against the Customer.

1.6.2 If an inconsistency remains between information provided by the Customer and the information of which bpost disposes on the basis of the checks conducted by it, the information of bpost shall prevail.

1.6.3. Any infringement as established may give rise to the application of article 6.3 of these General Conditions for Addressed Mail Items (domestic).

1.7. Authorised Senders and third parties

1.7.1. Drops under the Contract may be made only by Authorised Senders.

1.7.2. Without prejudice to article 1.7.3 below and regardless of the identity of the Authorised Sender, the Customer is

entirely responsible for the respect by all Authorised Senders of the obligations under the Contract.

1.7.3. Only the Customer is invoiced by bpost under the Contract. If the Customer wishes another entity to be invoiced under the Contract, the following cumulative conditions must be fulfilled:

- the entity must be an Authorised Sender included in the list of Authorised Senders in the Contract; and
- the entity must have signed the Contract in question.

1.7.4. The following rules apply to the Contract to which one or more Acceding Authorised Senders have acceded:

- the Acceding Authorised Sender may drop only Mail Items for which it is the Sender under the Contract it has acceded to;
- the Acceding Authorised Sender is directly responsible vis-à-vis bpost for the payment of the invoices and fulfilment of the operational conditions and contractual obligations with respect to the Drops it has made; the Acceding Authorised Sender is subject to the same contractual conditions that are applicable to the Customer;
- the Acceding Authorised Sender has the same rights vis-à-vis bpost as those of the Customer by virtue of the Contract, it being understood that these rights shall be limited to the rights regarding the Mail Items belonging to the Acceding Authorised Sender, with the exception of what is explicitly stipulated in this article 1.7.4. The performance by bpost of an obligation shall release bpost vis-à-vis both the Customer and the Acceding Authorised Sender;
- the Customer is the only contact person of bpost under the Contract and is duly authorised by the Acceding Authorised Sender to represent the Acceding Authorised Sender vis-à-vis bpost for the exercise of its rights and for all other actions or notifications under the Contract. The Acceding Authorised Sender undertakes not to act directly against bpost under the Contract;
- the Customer guarantees the payment of all invoices and the fulfilment of all other operational and contractual provisions by the Acceding Authorised Senders and waives in this regard all exceptions of the guarantor; if, at the expiry of the applicable Tariff Annex, the turnover actually generated by the Customer exceeds or does not achieve the Turnover Forecast, the tariffs and, as the case may be, the invoices or credit notes following such an adjustment of the tariffs will be adapted only vis-à-vis the Customer;
- only the Customer may conclude a direct debit, grant a bank guarantee or transfer an advance payment, in accordance with article 4.1.2 below. That guarantee must cover the full value of the Contract, including all the obligations of the Acceding Authorised Senders.

1.7.5. The Customer must indemnify bpost against all claims that could be made against bpost by senders (other than Acceding Authorised Senders) in relation to Mail Items dropped under the Contract.

1.7.6. The Customer can assign the physical Drop of Mail Items under this Contract to an agent, who shall carry out this Drop in the name of and on behalf of the Customer. bpost shall in that case be entitled to require a valid written authorisation from the Customer as a condition of the acceptance of the Drops in question.

1.8. Contract renewal by means of the acceptance of a new Tariff Annex

1.8.1. Tariff Annexes accepted by means of an electronic accept button.

If the Customer wishes to accept the Tariff Annex by means of an electronic accept button, the Customer must click the accept button after reading and accepting the content of the Tariff Annex. By clicking this accept button the Customer unconditionally accepts the content of the Tariff Annex and this acceptance is automatically sent to bpost. The Contract is deemed to be renewed when bpost takes receipt of the new Tariff Annex that has been accepted without change. Late acceptance may prevent the entry into force of the Tariff Annex. The renewal of the Contract enters into force no earlier than the later of the following two dates:

- (i) the date of entry into force defined in the Tariff Annex; and
- (ii) the day of receipt by bpost of the Tariff Annex that has been accepted without change.

The Parties agree that clicking the accept button equates to accepting the Tariff Annex, is comparable to a handwritten signature and meets the demands of Article 1322, paragraph 2 of the Civil Code.

1.8.2. Tariff Annexes accepted in a way other than by means of an electronic accept button.

If the Tariff annex must be renewed by means of a (handwritten or electronic) signature, it will be sent to the Customer by email by means of a hyperlink or delivered personally to the Customer in duplicate. Once the Customer has read and accepted the content of the Tariff Annex, the Customer must sign the Tariff Annex (in duplicate) either in handwriting or electronically.

If the Customer wishes to sign the Tariff Annex in handwriting, the Customer must send it back to bpost in one of the following ways:

- by mail to bpost - attn. Service Clients Contract - Centre Monnaie, 1000 Brussels (in duplicate);
- by email (scanned version) to contract@bpost.be, provided it is sent by mail at the same time.

If the Customer wishes to sign the Tariff Annex electronically, one of the Customer's legal representatives may do so using his or her e-ID card issued by the Belgian State or his or her

advanced electronic signature on the basis of a certificate issued by an accredited certification service provider in Belgium. The use of other types of electronic signature prevents the Contract from being renewed. By signing the Tariff Annex electronically the Customer unconditionally accepts the content of the Tariff Annex and this acceptance is automatically sent to bpost.

In addition to what is regulated by law, the Parties agree that the electronic signature created by the Customer's e-ID card or by means of an advanced electronic signature on the basis of a certificate issued by an accredited certification service provider in Belgium is comparable to a handwritten signature and meets the demands of article 1322, paragraph 2 of the Civil Code. In addition, the Parties agree that the electronic signature always carries all the legal consequences attributed to it by law vis-à-vis bpost, its Customers and third parties.

2. Franking

The Customer has the choice between paying for franking on its Small Format, Large Format and Large+ Format Mail Items by means of a Franking Mark PP, by means of a franking machine or by means of Deferred Payment franking (Rétribution Différée or Uitgestelde Vergoeding (UV/RD)) in accordance with articles 2.1, 2.2 or 2.3 below. Franking by means of a franking machine is not authorised for Registered Mail Items. Franking by means of stamps is not authorised under the Contract.

2.1. Franking by means of a Franking Mark Postage Paid (PP)

2.1.1. If the Customer opts to pay the franking on the Mail Items under the Contract by means of a Franking Mark Postage Paid it will be allocated an authorisation number (Postage Paid (PP) number). The mentions that need to be included are indicated in the Operational Guides.

2.1.2. The PP number allocated to the Customer under the Contract cannot be used by the Customer for Drops outside the scope of the Contract, except for Drops of Mail Items for which it is the Sender and for which bpost permits payment of franking by means of a Franking Mark Postage Paid and insofar as these Drops:

- (i) fulfil the conditions defined for (non-contractual) DM Easy Drops or for Clean Mail Drops, as well as the franking by means of a Franking Mark Postal Paid conditions;
- (ii) these Drops are made at an authorised Place of Drop; and
- (iii) they are accompanied by an appropriate Drop Authorization.

2.2. Franking machine

The Customer can also pay the franking on its Small Format, Large Format and Large+ Format Mail Items by means of a

Franking machine. To this end the Customer must conclude (a) separate Agreement(s) with bpost on the use (and the remote top-up) of the Franking machine and the conditions of this/ these Agreement(s) and of the Operational Guides are also applicable.

2.3. Deferred payment franking

The Deferred Payment franking (*Rétribution Différée* or *Uitgestelde Vergoeding* (UV/RD)) is only available to public administrations as listed in the General Terms and Conditions of Eligibility for Deferred Payment that have entered into a Deferred Payment Contract with bpost.

3. Tariffs

3.1 The tariffs stated in the relevant Tariff Annex apply to the Handling of Mail Items under these General Conditions for Addressed Mail Items. Those tariffs apply for the entire duration of the relevant Tariff Annex. Prices are exclusive VAT. VAT, all other indirect taxes, all taxes, duties and levies of any nature (but excluding taxes on income and profit) assessed or to be assessed in the future by or with the authorization of any public authority with respect to or as a result of the Handling of Mail Items shall always be at charge of the Customer and in forthcoming case shall be added to and payable with the price.

3.2. The tariffs applicable to Letter Mail Items at Clean Mail tariff are those effective at the Drop Date of the Mail Items. These tariffs can be reviewed periodically and are available at all times in post offices, at www.bpost.be or from the Service Center on 02 201 11 11.

4. Payment methods

4.1. Franking Mark Postal Paid (PP)

4.1.1. Payment in cash

Each Drop of Mail Items franked by means of the Franking Mark Postal Paid must be paid in cash at the Place of Drop prior to Drop in one of the following ways:

- (i) bank transfer to the giro account of the MassPost Centre concerned;
- (ii) certified banker's cheque; or
- (iii) electronic payment if the Place of Drop is equipped with a terminal for this purpose.

4.1.2. Payment term

Contrary to article 4.2.1 above and at the request of the Customer, bpost may grant the Customer a payment term, which in principle is 30 days. If bpost grants the Customer this payment term, bpost will notify the Customer of this term.

bpost may attach conditions to this payment term, as stated in the specific communication by bpost to the Customer, notably:

- (i) the provision of a bank guarantee;
- (ii) the transfer to bpost of an interest-free provision; and/or
- (iii) the setting up of a standing order for the payment of invoices issued by bpost.

If the Customer fails to pay an invoice by the due date, if outstanding or unilaterally withdrawn standing orders are returned to bpost, if the Customer fails to fulfil its obligations as stated in the specific communication concerning the delivery term or if a change in the Customer's credit or solvency situation (including a change in the credit limit set by bpost or the total amount of invoices of the Customer) no longer justifies the payment term granted to the Customer, bpost reserves the right to withdraw the payment term and to demand the immediate payment in cash of subsequent Deposits, in accordance with Article 4.1.1 above and without prejudice to the provisions of Article 6.3 below.

The amount of any guarantee is mentioned in the specific communication. bpost reserves the right to unilaterally revise this amount, based among other things on the Customer's credit or solvency situation (including the change to the credit limit set by bpost or the total amount of the invoices of the Customer). Until the guarantee is changed the Customer undertakes to pay the following Drops in accordance with article 4.1.1 above. Unless otherwise provided for in the specific communication, the guarantee provided by the Customer covers the obligations of the Customer as well as any Acceding Authorised Senders and concerns all the Drops made under the Contract. In the month following the coming into force of the Contract, depending on the situation the Customer must:

- (i) establish the bank guarantee in a form acceptable to bpost and send it to bpost;
- (ii) transfer the interest-free provision to the following account (IBAN): BE50 0004 00000718 | BIC BPOTBEB1 of bpost, Finance & Accounting, Accounts Receivable, Service facturation, Centre Monnaie, 1000 Brussels;
- (iii) Provide to bpost in a form acceptable to bpost the proof of the standing order instruction in favour of bpost for the payment of invoices under the Contract.

The bank guarantee and the proof of the standing order instruction must be submitted to bpost, Finance & Accounting, Credit & Collection, Centre Monnaie, 1000 Brussels.

Until the guarantee has been granted or the standing order has been set up, the Customer undertakes to pay in cash, in accordance with Article 4.1.1 above.

If the Customer has already provided a bank guarantee or transferred a provision with respect to another Contract concluded with bpost, bpost may accept this bank guarantee or provision as also being valid under the Contract. In that

event the Customer will not have to establish a new bank guarantee or transfer a new provision. The amount of the existing bank guarantee or interest-free provision may be adjusted, on the basis of the amount combined with the amount of the Contract. Until this adjustment is made the Customer undertakes to pay in cash, in accordance with Article 4.1.1 above.

If the Customer does not owe bpost any money at the expiry of all contractual relations between bpost and the Customer, the bank guarantee will be released or the provision reimbursed to the Customer on receipt of the request of the Customer to this end by registered mail.

4.2. Franking machine

4.2.1. If the Customer pays the franking on its Mail Items by means of a Franking Machine, it must pay the franking on these Mail Items at the applicable Standard Tariff.

4.2.2. bpost shall in this case issue a credit note for an amount equal to the difference between the Standard Tariff printed on the Mail Items by means of a franking machine and the tariff stated in the Contract increased by an amount of EUR 12.40 administration fees. This credit note shall be sent to the Customer within fifteen (15) Business Days of the Drop. The difference between the Standard Tariff and the tariff stated in the Contract shall be reimbursed to the Customer by bank transfer to the Customer's account within five (5) Business Days of the sending of the credit note.

4.3 Deferred payment

The General Invoicing Conditions on Deferred Payment as annexed to the Deferred Payment Contract are applicable.

5. Invoicing

5.1. General

5.1.1. Regardless of both the payment method chosen by the Customer and whether or not the invoices have to be paid in cash, an invoice will always be issued for the Drops made at the MassPost (Hyper)Centres. The invoice will be based on the Drop Summary, as it may have been modified by bpost after the results of subsequent checks.

5.1.2. bpost issues an invoice every week relating to the Drops of the Customer. Furthermore, in the event that the Customer has concluded a Contract providing for the payment of a subscription fee, bpost will issue an invoice every month relating to the amount of this subscription fee.

5.1.3. Each invoice is payable in full and in a single instalment to the Customer's bank into account IBAN BE50 0004 00000718 | BIC BPOTBEB1 of bpost, Finance & Accounting, Accounts Receivable, Invoicing, Centre Monnaie, 1000 Brussels).

5.2. Disputes and non-payment of invoices

5.2.1. If an invoice is disputed by the Customer in part or in whole, the Customer must dispute the invoice within twenty (20) Business Days of the date of this invoice. At the end of these twenty (20) Business Days, the invoice is deemed to be accepted by the Customer. This objection must state the date and number of the invoice and must be addressed together with a copy of the Drop Summary on which the invoice concerned was based. This objection must be addressed to bpost in one of the following ways:

- by mail at the following address:
bpost, Service Clients - PO Box 5000 - 1000 Brussels;
- using the form available at www.bpost.be/mafacture.

If the Customer disputes only part of the invoice rather than the entire invoice, its obligation to pay remains in full force for the remaining undisputed part of the invoice.

5.2.2. In the event of a disputed invoice, bpost examines the objection. If the requested change (of substance or style) is considered to be well founded, bpost will rectify the invoice in question a single time free of charge. If the requested change is unfounded, the Customer will be notified thereof by bpost and will be obliged to immediately settle the invoice.

5.2.3. Any amount not paid by the due date shall give rise automatically and without prior notice of default to the legal interest from the due date until the date of full payment. bpost also reserves the right to claim fixed compensation of 15% of the invoiced amount or EUR 65, whichever is higher, without prior notice. The failure to state the interest rate or the fixed compensation in any notice of default does not entail any waiving of bpost's right to claim interest and/

or fixed compensation at a later date. The Customer cannot claim any set-off or retention right vis-à-vis bpost.

5.2.4. The Customer shall be charged a fixed administration cost of EUR 7.50 for every request for a duplicate of an invoice, contract, purchase orders, Drop Forms, Drop Authorisations etc. for each duplicate, starting with the tenth duplicate. The Customer may request a duplicate of Drop Forms and Drop Summaries only for a period of three (3) months from the date of Drop of the Mail Items. bpost reserves the right to reject a request for the issue of duplicates of Drop Forms and Drop Summaries.

6.1.4. The Contract is legitimately entered into by the Customer and the duties of the Customer under the Contract are lawful, valid and enforceable vis-à-vis the Customer.

6.2. Distribution duty

bpost's duty of distribution with respect to the Mail Items under the Contract comes into effect only by and at the time of the submission by bpost of the Drop Summary to the Customer. The preceding sentence does not infringe on bpost's rights under article 6.3, 6.4 or 6.5 or any other right it holds based on the Contract or the law in the event of the Customer's non-fulfilment of the Contract.

6.3. Consequences of non-respect of the Contract

Without prejudice to the provisions with respect to liability in the General Conditions for Postal Services and/ or the provisions of article 6.4 below, bpost can decide to apply one or more of the following or other measures (non exhaustive list), depending on the circumstances, without such giving reason to any form of compensation (including compensation for any delay in the Handling of the Drop in question) if the Customer fails to fulfil one of its obligations

under the Contract or the Operational Guide, if a Drop does not fulfil the applicable drop conditions or if the information to be provided by the Customer under the Contract is incorrect or incomplete:

- (ii) handle the Drop in question applying the tariffs that apply to non-contractual DM Easy Drops or Clean Mail Drops (provided the conditions thereto are fulfilled) or to Standard Tariffs;

- (v) refuse to grant Operational Discounts;
- (vi) postpone the delivery of the Mail Items of the Drop in question;

6.4.1. Notwithstanding the provisions of the Agreement, either party may unilaterally terminate the Agreement at any time, provided notice has been served no less than three months by registered letter, commencing on the first day of the month following the month during which the letter was sent. For Contracts providing for a final statement of tariffs at the end of the Contract, in case of termination by bpost, and the duration of the Contract is less than 1 year, the final statement will be calculated pro rata temporis.

6.4.2. Without prejudice to its other rights, each Party is entitled to terminate the Contract automatically (without judicial intervention), subject to notification by registered letter if the other Party:

- is guilty of an intentional infringement of the Contract, fraud or any behavior that is contrary to the Commercial Practices Act; and/or

6.4.4. In addition, the Parties may unilaterally terminate the Contract at any time with immediate effect by registered letter, without prior notice and without payment of any compensation, if new statutory or regulatory provisions are introduced that would obstruct the continuation of the performance of the Contract.

6.4.5. If a Contract providing for the payment of a Subscription Fee is terminated under article 6.4, the Subscription Fee for a period of three months that already started at the time of termination, will still be due. If the Subscription Contribution has not yet been paid, the Customer is still under the obligation to pay the entire Subscription Fee. For Contracts providing for a final statement of tariffs at the end of the Contract, this final statement will not be done pro rata temporis if this Contract is terminated in accordance with articles 6.4.2., 6.4.3. ou 6.4.4.

6.5. Intellectual property rights

6.5.1. The intellectual property rights with respect to drawings, models, works of literature and/or literary documents among other things (stored in a durable way or in machine language), reports, software and databases, as well as the methods, knowhow, concepts and other innovations bpost owns or holds a licence to, shall continue to revert to bpost as the owner or licence holder and the ownership of all intellectual property rights arising from a change to or modification of these rights, know-how and innovations shall automatically revert to bpost.

6.8.1. None of the Parties may transfer the Contract without prior written consent from the other Party, it being understood that bpost shall be entitled to transfer the Contract to an affiliated company.

6.8.2. bpost is entitled to reject a transfer request from the Customer. In addition, bpost may make its consent conditional on the fulfilment of the conditions it sees fit, without the Customer having any claim or right to compensation from bpost.

6.9. Severability

The nullity or unenforceability of part of the Contract for whatever reason shall not affect the validity and enforceability of the remaining provisions of the Contract. Parties shall ensure that the economic equilibrium initially envisaged is maintained.

The Contract is governed by Belgian law. The courts of the judicial district of Brussels have exclusive jurisdiction to rule on any dispute with respect to the interpretation or performance of the Contract.

6.13. Modifications

Unless the Contract explicitly states otherwise, it can only be modified by written agreement between the Parties.

The General Conditions and Operational Guides can be changed unilaterally by bpost at all times. These unilateral changes could be necessary to respond to changes in the postal services sector, which is regulated, inter alia with regard to pricing and service offering. bpost will seek to adapt its services and operational processes so that it can continue to provide quality postal services in a sustainable manner.

bpost gives the Customer notice in writing of these modifications, at least one month before those modifications come into force.
